Overview

Experience seamless attachment with our device, which features an advanced design incorporating 16 ring magnets. These magnets are engineered for strength, empowering the device to withstand a 2KG tensile test without coming apart. This robust construction ensures reliable performance and peace of mind during use.

This product is compatible with a mobile phone silicone clip. The silicone clip provides robust protection for your device. It features a strong grip due to its powerful adsorption, ensuring that it remains securely attached.

Features

- A.** Five-stage extension pole (Maximum extension length: 610mm) Sturdy and non-slip, provides a broader perspective.
- B.** Magnetic attachment for rapid mounting and dismounting.
- C.** Detachable magnetic mount with Bluetooth remote control.
- D.** Extended and strengthened tripod base design.

Specifications

Product	Magnetic Selfie Stick

Dimensions (Folded)	48×61×167mm
Weight	195gr
Elongation Tolerance	610mm ±10mm
Materials	ABS + PC + Aluminium Alloy
Magnetic Coil Specifications	Ø56×Ø44×3.0mm
Compatibility	Designed for iPhone 12 and newer models
Bluetooth Version	Jerry Solution 5.0

Dimensions

Compatibility

The magnetic selfie stick offers flexible compatibility, designed to fold to a compact length of approximately 167mm for effortless portability and single-handed use. This stand is compatible with iPhone 12 and later models, as well as iPad 10th generation tablets, without a case (this is due to a magnetic suction ring incorporated inside the phone; using a standard case might interfere with the magnetic connection). If your mobile device is not among these specified models, or if you prefer to use a protective case, you have two alternative options:

1. Universal Magnetic Disc:

This option is model-agnostic and can be applied to any mobile phone or case. Simply attach the magnetic disc to the rear of your device or on the case for compatibility.

Note: Cases made from oil-based materials may compromise adhesion. For instance, cases using liquid silicone gel are discouraged as they reduce the effectiveness of the magnetic hold.

2. Magnetic Suction Case:

Opt for a mobile phone case that has a built-in magnetic suction ring. Cases with this feature are readily available on the market and can be attached directly to the stand.

Instructions for Use

Affix the magnetic ring to the MagSafe-compatible area.

This product comes with a tripod for added stability. Extend the selfie holder from its base and fasten it securely onto a level surface. With everything in place, you're all set to embark on your selfie photography journey.

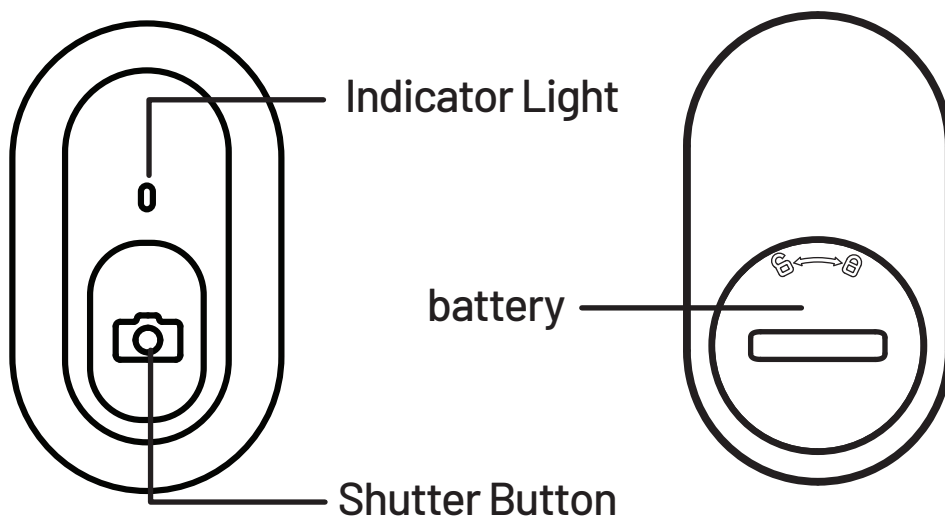

Bluetooth Pairing Instructions

To pair, press and hold the power button for 3 seconds to power on. Then, activate Bluetooth on your phone to initiate the search mode. Select "PD-MGS64" from the list of discovered devices. The remote control's green light will turn off once a connection is established.

Battery Replacement

To replace the button battery (CR1632) in the remote control, remove the back cover of the device.

For the first time replacing the battery, disconnect the isolator located in the power supply section of the remote control.

Safety Warnings

1. Exercise caution with your hands while operating the product.
2. This product is not suitable for children under the age of 14 years. Avoid ingestion.
3. Refrain from disassembling or altering the product in any way.
4. Avoid storing the product in areas of high humidity.
5. Maintain a safe distance between the product and any sources of heat.
6. Prevent exposure of the product to water or any other liquids to avert damage.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at <https://porodo.net/warranty> and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
