TOTAL MAX 5V⎓2.4A

porodo

Porodo
3in1 Multi-type Socket
with AC USB-A Type C EU

SKU: PD-MSACEU

1. Plug the travel adapter firmly into a standard wall socket, ensuring all sockets are covered, the electrical prongs are fully inserted, and no wires are exposed.

2. The travel adapter is now active and supplying power.

3. Ensure all electronic devices are powered off before connecting to the power strip outlets. Refrain from using extension cords to link devices to the power strip.

4. Devices connected to the power strip may now be powered on.

5. When unplugging devices, grasp the power strip securely against the wall to avoid dislodging it.

Night Light Feature

3-IN-1 Travel Adapter:

This versatile electrical plug adapter comes equipped with two AC outlets, one USB-A port, and one USB-C 2.4A port, along with an integrated night light. This compact design eliminates the need to carry an additional power adapter and power strip. The adapter's maximum capacity supports up to 2500 Watts (maximum 250 Volts, 10 Amps). The USB ports provide up to 2.4A per port with a combined total of 5V/2.4A across both USB ports.

Note: This device is not a voltage converter.

Multi Plug Outlet with Night Light:

The travel adapter includes a night light with three adjustable brightness settings, providing a gentle and adequate illumination to ensure safety and comfort in dark environments. The night light can be turned on or off manually to suit your requirements, whether at home or while traveling.

Note: The side-mounted **On/Off** button on the travel adapter is designed for convenient control of the night light feature.
