- *If any items are missing, please contact us immediately.

S/N	Items	Qty
1	True Wireless Earbuds Unit	1
2	Lightning Charging Cable	1
3	User Manual	1

BEFORE FIRST USE

For an optimal experience, please charge the charging case and earbuds before using them for the first time.

CHARGING LED INDICATORS

- Charging Case Indicator: While charging, the case displays an orange light.
- The orange light is always on when the case is completely charged.

POWER CONTROLS

- Power On: Opening the charging case automatically turns the earbuds on.
- Power Off: Placing the earbuds back in the case and closing it will also turn them off automatically.

PAIRING EARBUDS WITH YOUR PHONE

- Opening the charging case initiates automatic pairing between the earbuds and your device.
- Enable Bluetooth on your phone, search for the PD-STF02 in the available devices list and select it to establish a connection.

Tip: If not paired with any device within 5 minutes, the earbuds will power off to save energy.

FUNCTIONAL CONTROLS

Music Playback

- Previous Track: Double tap the left Multi-Function Button (MFB)
- Next Track: Double-tap the right MFB
- Play/Pause: Single tap on the MFB of either the left or right earbud.

Volume Adjustment

- Increase: Triple-tap the right MFB.
- Decrease: Triple-tap the left MFB.

Call Management

- Answer/End Call: Single click on the MFB of either earbud.
- Reject Call: Long press on the MFB of either earbud.

Voice Assistant

- Long press the MFB for 2 seconds to activate the voice assistant.

Note: Control functions may vary as per the device connected.

SAFETY INSTRUCTIONS

1. Store earbuds in a dry and well-ventilated area to prevent contact with oil, steam, moisture, dust, etc., and to maintain optimal product performance.
2. Refrain from using harsh organic solvents or items containing these substances for cleaning the earbuds.
3. Use the earbuds as intended and follow the standard operating procedures. Be mindful of the environmental impact and maintain a connection distance of no more than 10 meters between your phone and earbuds for the best performance.
4. If the earbuds experience issues such as poor connectivity or compromised communication, do not attempt to disassemble them. Unauthorized repairs or modifications could void the warranty.
5. Use only a standard or manufacturer-approved car charger or charging cable to recharge the earbuds.
6. To maintain the earbuds' functionality, ensure they are adequately charged.
