Light Indication

2.4G: Green Light
Bluetooth 5.2: Blue Light

How to Connect in 2.4Ghz & BT 5.2 Mode

2.4G Pairing:
Switch to the corresponding mode. After powering on, the Green light flashes quickly. The code matching or reconnection is successful when the light stabilizes.
Bluetooth Pairing:
Switch to the Bluetooth 5.2 mode, and the device will be ready to pair when the Blue light flashes. After the code pairing or reconnection is successful, the blue light will turn off for 2 seconds.
BT Name: Bluetooth 5.2 Mouse

Sleep Time

The device will enter deep sleep after 10 minutes of inactivity.

Wake-Up Method

Press any button to wake the device from sleep mode.

About Charging

It takes about 4-2 hours to fully charge the mouse. While charging, the indicator light will illuminate and then extinguish or change color once the mouse is fully charged. The usage time after a full charge is approximately one month, subject to individual usage patterns.

Notice:
If prompted to enter a password during Bluetooth pairing, select "no code" or enter "0000".

Cleaning

For cleaning, gently wipe the mouse with a small amount of isopropyl alcohol. Do not immerse the mouse in any liquid.
