Product Overview

Thank you for choosing this product. This power strip with a USB charger integrates 12 AC outlets, 2 USB ports, 2 PD (Power Delivery) charging ports, and 1 wireless charger, fulfilling your diverse power supply needs. For optimal performance and safety, please read these instructions carefully before connecting, operating, or using this product. Retain this manual for future reference.

Features

- 1.** Provides 1700J of surge protection.
- 2.** Includes a 2-in-1 overload switch.
- 3.** Supports worldwide voltage.
- 4.** Features pioneering Gallium Nitride technology.
- 5.** Multi-protection safety system equipped with temperature regulation.
- 6.** Wireless charging enhances convenience by eliminating the need for cables.
- 7.** Offers 45W PD flash charging and 18W QC charging.
- 8.** Auto-detects the device's requirements to deliver the most optimized charging current.
- 9.** Fireproof shell made of ABS plastic and PC 94V0, certified to withstand temperatures up to 750°C. This insulating material also protects against electric shock.
- 10.** The Synchronous Rectification Technology allows for a significant reduction in energy loss and heat, enhancing the charger's conversion rate.
- 11.** The LED Indicator's light is unobtrusive and does not disturb your sleep.
- 12.** The Energy-Saving Switch completely turns off the device when not in use, helping to conserve energy.

Specifications

Important Note:

Upon purchasing this product, please ensure you also obtain a suitable transformer capable of converting the local AC voltage, which generally ranges from 100V to 240V, to the necessary input voltage of 250V.

| | |
|------------------|-------------------|
| Rated Power | 3250W |
| Input Voltage | AC 250V (50/60Hz) |
| Input Current | 13A |
| Surge Protection | 1700J |
| AC Outlet | UK Socket ×12 |

| | |
|----------------------|--------------------------------|
| Wireless Output | 15W |
| USB-C Output | 20W |
| USB-A Output | QC 3.0 18W |
| Type-C PD Output | PD: 5V/3A, 9V/2.22A, 12V/1.67A |
| USB-A Charging Ports | QC: 5V/3A, 9V/2A, 12V/1.5A |
| Power Cord | UK 3-Pin Plug |
| Dimensions | 245.5×105×32mm |
| Materials | PC+ABS Anti-fire UL 94V0 |
| Certification | UKCA, ROHS |

Compatibility

This device can detect and charge most USB devices at their ideal output levels. It is perfect for cameras, smartphones, power banks, tablets, Bluetooth speakers, and MP3 players.

Safety Precautions

1. Ensure the combined power of all connected devices does not exceed the rated power of this unit.
2. Do not cover the unit with any materials as this may cause it to overheat.
3. Avoid using the unit in humid environments such as bathrooms or kitchens.
4. Do not attempt to repair, disassemble, or modify the USB charger yourself.
5. Connecting through an improperly grounded AC outlet may lead to potential injury. Ensure proper grounding to avoid electrical hazards.

Warranty

Products that you buy directly from our **Powerology** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website **powerology.me/warranty** and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
